SPENCER ROBINSON IS CHOSEN AS GLENDALE'S FIRST MAYOR AT MEETING OF CITY COUNCIL

No Appointments Are Made by Councilmen; New Head of Municipality Receives Congratulations From Audience Present Last Night

Spencer Robinson, mayor of the city of Glendale!

That's the way Spencer Robinson, formerly member of the Board of City Trustees and recently elected to the City Council, is now officially designated. For, at the first meeting of the City Council, held last night, he was unanimously chosen as mayor of the city.

More, he is the first mayor the city of Glendale has had, for in the past, the official head of the municipality has been designated as the president of the Board of City Trustees.

So, from now on, it's Mayor Robinson, head of the municipality, dean of the City Council and Glendale's first mayor.

SPENCER ROBINSON
Glendale's First Mayor

Under the provisions of the city charter, prepared and proposed by the Board of Freeholders elected on November 16, 1920, and voted on March 29, 1921, the five members of Glendale's first City Council, elected on June 23, met at the city hall last night, took the oath of office and immediately and unanimously selected Spencer Robinson to act as mayor.

Then followed a bit of speech-making, extending of congratulations, adjournment to the committee room for a consultation, re-convening and, finally, adjournment for the night.

No appointments were made by the City Council last night. The charter gives the City Council the power to appoint a city assessor, which office may be combined with that of city clerk, a city tax collector, a police judge, a city attorney, a city manager, and five library trustees.

But at last night's session no appointments were made. Meanwhile, the present appointive officials are holding office.

To begin with the ending and end with the beginning, here is what happened, in open session, at the city hall last night:

The Board of City Trustees, meeting for the last time, was called to order by Dwight W. Stephenson, president of the board, with Trustees A. H. Lapham and Mrs. Ann Bartlett as the other members present.

In the absence of J. C. Sherer, city clerk, Trustee Lapham was named city clerk pro tem. The canvass of the vote cast for annexation of the Pacific avenue district was ordered.

Then City Clerk Sherer appeared and Trustee Lapham avoided writer's cramp by turning over his temporary position to that experienced official.

Here appeared Trustee C. H. Henry and he smilingly extended his congratulations to Trustees Stephenson, Lapham and Robinson, the latter having arrived in time to be greeted and get marked up as being present.

Then, as the next to the final official act of the Board of Trustees, a resolution relative to cleaning off vacant lots was introduced by Trustee Henry, seconded by Trustee Bartlett and passed.

Board Goes Into History

The final official act of the board was the motion by Trustee Henry, seconded by Trustee Bartlett and carried that the trustees adjourn.

The books of the Board of City Trustees of Glendale were thus closed finally and a new page was turned for the recording of the minutes of the City Council about to be brought into official being.

But first there had to be a few legal formalities. To begin with, Hartley Shaw, city attorney, adjourned.

Mr. and Mrs. Keleher and children and Mr. and Mrs. William Reed and son, Billy, in company with a party of thirty insurance people left for Pine Crest Friday, returning Tuesday.

One of the pleasant features of the week-end vacation was the large swimming pool there. Little Virginia was playing along side of the pool and accidentally fell in. She had gone down for the third time when rescued by Dr. Morton of Los Angeles. Little Virginia was unconscious for some time, but has recovered with no ill effects as the result of her experience.

OVER \$1000 DAMAGE AT JESSE JOSEPH HOME BY FIRE

Garage Badly Damaged By Flames; Furniture Placed In Storage Destroyed

A fire of unknown origin, which started in the garage of Jesse Joseph, 201 West Lexington Drive, yesterday afternoon, caused a loss of over \$1000. Not only was the garage itself badly damaged, but many pieces of valuable furniture that had temporarily been placed in the garage, were destroyed.

Neither Mr. Joseph nor any of his family are able to account for the mysterious blaze. They state that no one had been in the garage for several hours. A possible explanation is that someone passing threw a lighted match through the door, which had been left open, and set fire to a pile of straw which was on the floor.

House Recently Leased

The Josephs had recently leased their palatial home to D. J. Hanna, at one time lieutenant-governor of Kansas, and were engaged in removing and packing the furniture at the time of the fire. Several hours previous some of the furniture had been removed to the garage and crated. It was feared for a time that the fire would reach the house before aid could be secured, but a hurry-up call soon brought out the fire department and the blaze was quickly put under control.

Mr. and Mrs. Joseph expect to leave shortly for a trip around the world. They intend to spend six months in Canada with relatives of Mrs. Joseph before making their tour of the globe.

Birthday Party Given To Baby Ruth Shelton

Mrs. R. P. Shelton of 401 West Patterson avenue entertained the afternoon of July 4 in honor of the second birthday of baby Ruth Shelton. A pretty table decked in red, white and blue was spread for the kiddies and the time was spent playing on the lawn. The mothers brought their kodaks with them and took a number of cunning pictures.

The little guests included Monte Dubarry, Mary Josephine Macomber, Gertrude and Gwendolyn Parker, Mary Louise Armstrong, Dicky Schott and Freddy Edmonds. The mothers who enjoyed the afternoon were Mrs. E. C. Dubarry, Mrs. Betty Armstrong and Mrs. Macomber.

LOCAL ELKS READY TO TAKE PART IN MANY EVENTS

Varied Program For Great Gathering; Lodge Here To Be Represented

The one item of paramount interest before the minds of many people of Glendale and southern California is the coming national convention of Elks, to be held in Los Angeles July 10 to 16, 1921. With this in mind, final details in connection with the convention were arranged at the meeting of the Glendale Lodge of Elks No. 1289, which was held last night, A. F. Priest presiding.

Officers of the lodge appeared before the Chamber of Commerce and were awarded an appropriation of \$300 from the funds of that organization, to be used for the float and other matters of advertising Glendale during the convention.

The membership of the lodge was increased by nineteen new members initiated into the order last night, as well as one member being initiated for a Kansas lodge.

Parade To Be Thursday

The grand parade will be held Thursday, July 14, beginning at 10:30 o'clock. All men who will march with the Glendale division are to meet at 10 o'clock on Olive street between 14th and Pico. Special suits, hats and other paraphernalia to be used in the parade are being distributed to the members of No. 1289.

Glendale lodge will keep open house for the many visitors all during convention week. As stated in a recent issue of The Glendale Evening News, the interior of the club has been renovated and floors refinished. The exterior has been beautifully decorated with American flags, bunting and flags of purple and white, the Elks' colors.

Some of Big Events

The semi-official daily program of events for the fifty-seventh convention of the Grand Lodge, B. P. O. Elks includes the following events: Sunday, July 10—Arrival of delegates. (Continued on Page 4)

July Building Permits Making Good Record

July building continues to soar upward, the total for the month now being \$33,720. This brings the 1921 figure to the grand total of \$1,990,119. Today's World News In Brief (By United Press to Glendale Evening News)

SOLDIER BONUS BILL IS MEETING WITH OPPOSITION

WASHINGTON, July 6.—Difficulties appeared in the way of the soldier bonus bill, which the senate took up today. Opponents of the bill base their attack on the hardship of raising \$1,560,000,000, estimated as the minimum of the cash bonus.

RETIRING U. S. AMBASSADOR TO FRANCE ENROUTE HOME

PARIS, July 6.—Hugh C. Wallace, retiring American ambassador to France, left here today to return to the United States on the Olympic. About a hundred friends bade him farewell, including Marshal Foch, General Weygand, former Premier Peret, Jules Cambon and Madame Petain.

OFFICIALS TO REMAIN IN WASHINGTON THIS SUMMER

WASHINGTON, July 6.—The United States government has decided to remain in Washington this summer. President Harding, it was learned today, has about given up hope of going to Alaska, a trip he has planned to make if congress adjourns. A pool of the cabinet shows they all intend to stay here.

UNCLE SAM IS COLLECTING DELINQUENT SALES TAXES

WASHINGTON, July 6.—Uncle Sam today began to collect the "chicken feed" being held out on him. A force of 250 revenue officers directing 2000 deputy collectors are out to collect delinquent sales taxes. Under the head of sales taxes comes the extra pennies on ice cream and soda water, the luxury and semi-luxury levies.

SENATOR SHORTRIDGE NAMED ON INQUIRY COMMITTEE

WASHINGTON, July 6.—Senator Kenyon today announced appointment of a sub-committee of the senate labor committee to investigate the Mingo mine war. The sub-committee consists of Kenyon, Iowa; Phipps, Colorado; Shortridge, California; McKellar, Tennessee, and Walsh, Massachusetts. The sub-committee will meet this week and decide when to begin the investigation at Mingo.

UNIDENTIFIED MAN IS GIVEN TIGHT COAT OF TAR

FORT WORTH, Tex., July 6.—Wearing nothing but a coat of dripping tar, an unidentified man was dumped out of an automobile in the center of town early today. Half an hour earlier a band of masked men drove up in automobiles and seized a man and a woman sitting in a car parked at the curb and disappeared with them. The man who was dumped out on one of the main streets dashed through an alley, jumped into an automobile and escaped. The woman was said to have been taken to her home by the masked men. Whether she witnessed the tarring and feathering is unknown.

GUARDS PATROL STREETS AS 200 PERSONS ARRAIGNED

SANDY HOOK, Ky., July 6.—National guardsmen patrolled the streets today when nearly 200 persons were to be arraigned on charges of moonshining. About half the community, where the hill-folk have distilled their own liquor since the days of Daniel Boone apparently were in sympathy with the accused and the authorities anticipated trouble. Resentment against the little-understood and less appreciated prohibition law, for which "furriners"—all those living outside the mountain community—were responsible, was increased last night when Judge A. H. Frisco sentenced ten men to jail because they refused to pay \$300 fines.

FIRST TARIFF FIGHT IS UNDER WAY IN CONGRESS TODAY

WASHINGTON, July 6.—The first "tariff fight" in eight years got under way in congress today. While house leaders were hoping to have the Fordney tariff bill passed in two weeks some Republicans were threatening to join the Democratic opposition and others were reviving the attempt to have tax legislation put ahead of the tariff. Today the majority report, carrying the arguments of the Fordney bill framers, was due for presentation. The Democratic minority report also was expected to come in. Republicans will caucus the tariff tonight. Representative Freer, Wisconsin, one of the Republican members of the house ways and means committee, already has made public a minority report of his own attitude.

DISARMAMENT SUPPORTERS DEMAND FINAL ACTION

WASHINGTON, July 6.—Disarmament supporters today demanded final action on the Borah proposal authorizing President Harding to call a conference of the United States, Great Britain and Japan. The Borah plan has been approved but it is part of the naval appropriations bill, as yet unpassed. Unless the bill is disposed of this week, disarmament backers let it be known they will bring before congress the need of getting into the hands of President Harding the authority the Borah plan provides. Foreign statesmen are becoming more and more open in their hints to the United States that an invitation to a disarmament conference would be instantly accepted. Senator Borah has had several extended conferences with Shigeo Suyheiro of Kyoto University, Japan. Suyheiro is in the United States in the interests of the disarmament movement. He said today the Japanese people, burdened with taxes, would eagerly welcome the discussion of naval reduction or anything else that would relieve them of the tax.

MARKET OPENS LOWER, TURNS STRONG BEFORE NOON

NEW YORK, July 6.—Mexican Petroleum made a new low for the year at the opening of the stock market here today. The first sale was at 89, off 2½, but it later rallied to 90¾. Pan-American sold down to the old record low of 42. Studebaker opened at 75, off 5-8, and then sold down to 74¾. After the first sale at 48¾, off 3-8, Asphalt ran up to 49 3-8. In the early trading Baldwin got above 70. The rails were fractionally lower. Mexican Petroleum made a new low at 88¾ and then rallied to 91¾. The whole market turned strong before noon, with advances of a point or more in Studebaker, Baldwin, the independent steels, General Asphalt and United States Rubber. The latter, at 52½, was up about 3 points from last week's low. Defeat of a bear attack which began at the opening of today's stock market, became complete by the end of the third hour of trading. Mexican Petroleum was run up nearly 8 points to 96. Studebaker gained 5 at 79 3-8; Pan American "A" was up more than 5 at 45; American Woolen 3 at 72½ and other stocks an average of 2 points.

A. GELMOR IS NEAR DEATH AS RESULT OF AUTO CRASH

Car Turns Turtle, Man And Wife Hurt; Former Has His Skull Crushed

M. Dassofo of 415 South Adams street returned last night from Riverside, where he had been summoned by A. Gelmor of this city. Mr. Gelmor, who is a tailor with a place of business on South Brand, is in an extremely critical condition in the Riverside county hospital as a result of an automobile accident. The mishap occurred on the boulevard just east of Riverside at 2 o'clock Saturday afternoon.

Neither the injured man or his wife, who escaped with minor scratches and bruises, were able to tell exactly how it happened. It seems as though they were traveling along in their Ford coupe at about twenty miles an hour when they passed a large motor truck coming in the opposite direction. The next thing they knew their machine was leaping into the ditch on the right of the road, turning turtle twice.

Operation Necessary

An ambulance was immediately summoned and the two unfortunates were taken to the hospital, where Mr. Gelmor was at once operated upon. His injuries consisted of a crushed skull, a wrenched shoulder and side and a number of slight external wounds. A total of twenty-two stitches were taken in his badly-lacerated scalp.

Mr. Dassofo reports that although Mr. Gelmor is conscious only at times the attending physicians claim that there is an even chance of recovery.

Harry Brolaski Indicted
Harry Brolaski, at one time chair-
man of the Los Angeles county re-
publican committee, and now under
a two-year sentence for conspiracy
to violate the prohibition act, has
been indicted in New York in con-
nection with the sale of stock of the
United Film Securities corporation.
Brolaski, who is now residing at Re-
dondo, is said to have been general
manager of the film concern.

John Exnelios, newly appointed
chief of prohibition, is on his way

tention of making the city bone dry.
A shakeup in prohibition circles is
anticipated.

First Elks Arrive
The St. Louis delegation of the
Elks are the first of the 100,000
visitors to arrive, reaching Los An-
geles this morning. While the con-
vention does not open until Mon-
day, many thousands are expected
between now and that date.

More Ships for L. A.
Two new steamship lines, the Ori-
ental Nippon Yusen Kaisha company,
and the Canadian Merchant Marine,
will make Los Angeles a port of call
hereafter. The Tushima Maru of the
Japanese line arrived yesterday.

Harbor Improvement
The announcement comes that the
Union Pacific is soon to undertake
extensive developments in and
around Los Angeles harbor. New
lines tapping the harbor district are
to be constructed at an estimated
cost of \$5,000,000.

Edward Mullen Dies
Edward F. Mullen, president of
the Mullen-Bluet Clothing company,
and for more than twenty-five years
one of the most prominent business
men in Los Angeles, died yesterday
afternoon at his home, 4927 Rose-
wood avenue, Los Angeles.

'Pill Bottle' To Be Presented Once More

The Westminster Guild, an organi-
zation of young women of the Presby-
terian church devoted to the inter-
ests of missionary work, held a re-
hearsal of the "Pill Bottle" last night
at the church hall. The "Pill Bottle"
has been given at many amateur re-
hearsals in southern California by
those desiring to arouse interest in
foreign missionary work, especially
in the medical field. So great has
been its success along these lines that
the Women's Missionary Society of the
Presbyterian church of Glendale has
requested the young ladies of the
church to stage the play.

Twenty-four young people will
take part in the spectacle, which is
to be given in the near future. Miss
Marjorie Smith will take the leading
part, portraying a young college girl
who forsakes the frivolities of soci-
ety to devote herself to foreign mis-
sionary work.

GOING A LITTLE TOO FAR
Two small boys were quarreling
over the possession of a toy bank
when a noted local financier, who
was passing, stopped and said to the
younger: "Shame on you, my boy.
Don't you want him to save his money?"
"I don't care what he does
with his money," replied the youth.
"But he wants to save mine along
with it."

HAPPY ENDING
"I have just heard of a woman who
went to a hotel unaccompanied and
discovered that the acoustic prop-
erties of her room were such that ev-
ery time she spoke aloud there was
an echo. She then made a bold at-
tempt to get in a last word, and in
so doing talked herself to death."

Summer Cleanness by the Pound

It's good to bathe your clothes as fre-
quently as you bathe your body—it's the
true secret of health, coolness and com-
fort.
And it's just such bodily well-being and
clothes cleanness that we sell by the
pound.
The modern laundry service we offer, you
see, is based on a pound rate that's rea-
sonable indeed.
You'll wonder, we're sure, why you have
permitted yourself to cling so long to
mussy washdays in the home, once you've
given this service of ours a real trial.

Plenty Of Attorneys In Baseball Hearing

CHICAGO, July 6.—Batteries of
lawyers "warmed up" today in the
court of Judge Hugo Friend, where
seven former White Sox stars and
four alleged gamblers are having
their inning.

The eleven are charged with plot-
ting to sell out the 1919 world series
games between the Cincinnati Reds
and the Chicago Sox.

The outlawed players have a total
of fourteen lawyers and George Gor-
man, assistant state's attorney, has
several to assist him in the prosecu-
tion.

Bitter wrangles between opposing
counselors were expected today when
more jurors are to be examined. The
defense is fighting to keep enthusias-
tic baseball fans off the jury, believ-
ing lovers of the national game
would be particularly hard on "the
boys."

The state is determined to get
twelve ardent fans in the jury box.

Three tentative jurors were chosen
yesterday.

The state is to depend almost en-
tirely on the testimony of "Bill"
Burns, former Sox twirler, to convict
his seven former teammates, it was
indicated.

Eddie Cicotte, former pitching ace
and one of the defendant, is expected
to repudiate his alleged confession.

Truce In Ireland Is Sought Of Government

LONDON, July 6.—The British
government was declared today to
have been asked to declare a truce in
Ireland preliminary to completion of
home rule negotiations.

Jan Smutz, premier of South
Africa, returned from Dublin and im-
mediately went into conference with
Premier Lloyd George, Sir James
Craig, premier of Ulster, and Lord
Middleton, one of the unionist rep-
resentatives in Monday's meeting
with Eamonn de Valera.

Smutz was understood to have
presented the viewpoint of the Sinn
Fein regarding the proposed truce.

CONCERNING WOOD DREAMS

To dream you are in the woods sig-
nifies wealth. To dream of a wood-
cutter denotes good luck. To dream
of a woodman signifies embarrass-
ments. To dream of wooden shoes
signifies a hasty journey. To dream
of wooden spoons shows an avaric-
ious and hard-hearted neighbor. To
dream of a woodpile shows a man in
love with some ill-natured woman.
To dream you are in a woodyard de-
notes a happy change of fortune.

ARTHUR C. BROWN IS EDUCATION BOARD NEW PRESIDENT

Glendale Man Is Chosen For
New Head Of County Body
At Reorganization

As a result of a reorganization in
the Los Angeles County Board of
Education yesterday afternoon, Ar-
thur C. Brown, one of Glendale's
most prominent citizens, becomes the
new president of that body. Mr.
Brown is known throughout the state
as an educator, and was principal of
the McKinley Junior High school in
Los Angeles for eighteen years.

However, Mr. Brown is not the
only member of his family to be so
honored. For the past two years his
wife, Mrs. Nettie C. Brown, has been
a member of the Glendale Grammar
School board, and last year was pres-
ident. She was re-elected at the last
municipal election. Mrs. Brown was
formerly a teacher, but now contents
herself with serving on the educa-
tional board, devoting the most of
her time to her home interests.

Work Has Their Interest

Both Mr. and Mrs. Brown are
greatly interested in both educa-
tional and child welfare work, accord-
ing to Mrs. Brown, who declares that
it is one of the greatest joys of her life
that she is able to aid in the educa-
tion of the youth of the county.

The Browns have resided at 201
West Milford avenue for the past
nine years. With them is their 12-
year-old son, Meredith. Mr. Brown
was educated at the State Normal
school and the University of South-
ern California.

Germans To Make Big Drive To Get Property

WASHINGTON, July 6.—Legality
of the peace resolution will be estab-
lished in legal battles which probab-
ly will be carried to the Supreme
Court. Representative Flood, rank-
ing Republican on the House foreign
affairs committee, declared today.

He declared it will never be deter-
mined definitely whether Congress
can declare peace with Germany and
Austria-Hungary until the high court
passes on the question.

The suits to test the resolution
probably will be brought by Germans
whose property was seized by the
alien property custodian during the
war or may arise through other suits
which would hinge on the date of of-
ficial peace, Flood said.

The Germans, it is known, are
planning a big legal drive against
the federal government to regain
their property. The peace resolution
recently signed by the president con-
firms all the seizures, penalties and
fines affixed by the government.

Hundreds of lawyers in New York
have been retained by the Germans
to fight for the property and the first
suits probably will be to set aside
the sales to American citizens which
were made by the alien property cus-
todian under the authority of an act
of Congress. Those sales involved
many of the invaluable dye patents
which are now in the hands of Amer-
icans.

Business Invasion In Europe By Soviet Russ

LONDON, July 6.—Soviet Rus-
sia's business invasion of Europe has
started with a boom, according to the
Russian trade delegation here today.
So far \$90,000,000 worth of goods
have been purchased in Europe and
\$10,000,000 worth from the United
States. Fifteen mixed cargoes of
merchandise were shipped to Petro-
grad from England last month.

The Bolsheviks' purchases are
made through Arcos, the All-Russia
Co-operative society. The European
salesmen, in the midst of a business
depression, are said to be welcoming
this ready market and to be besieg-

ing the Arcos offices despite door-
plates decorated with battle flags of
the soviet legions.

America is represented by floods
of samples, with quotations on every-
thing from sewing machines to pipes.

Leonid Krassin, soviet emissary to
England, following the Bolshevik
purchases in western Europe, gave
the totals as follows:

Germany, \$60,000,000.
England, \$20,000,000.
Sweden, \$10,000,000.
United States, \$10,000,000.
Total, \$100,000,000.

"How is Russia going to pay for
these goods?" the Arcos headquar-
ters was asked.

"We have set aside a definite sum
of the Russian gold reserve for for-
eign purchases," was the reply.
"Russian mines are going to furnish
new gold right along."

PRODUCT OF LOCAL PLANT IS PROVING VERY POPULAR

Sanitation And Efficiency Are Important Features With Henry-Brown

The 'nth degree of sanitation and cleanliness has been achieved in Glendale's principal manufacturing plant, that of Henry-Brown & Company, producers of the Sierra beverages. A trip through their thoroughly modern institution is a revelation both from the viewpoint of sanitation and efficiency.

Any consumer of Sierra products may be assured that the product is served from bottles far cleaner than it would be possible for any housewife to achieve with the limited facilities of her kitchen.

They are thoroughly rinsed and washed at least three times, in water reaching a heat of 140 degrees, which by the way is a trifle hotter than is usually used in the kitchen. It is then cooled in three other distinct waters, which also perform the rinsing and cleaning process. Soda is used throughout as a cleansing agent.

Each Bottle Inspected

Before Sierra products enter the bottles, each bottle is inspected and if the slightest shadow of a speck is detected, it is at once laid aside for a repetition of the process, until immaculately clean. A gigantic machine handles the bottles from the moment they leave the case until they are ready for filling, and the mechanical process carries them from one degree of water to another, carries them under swiftly-moving brushes and centrifugal scouring devices.

Carried from the cleaning machine on an endless belt to the syrup-filling machine, there is deposited the correct amount of syrup. The bottles then are whisked to another revolving machine where the carbonated water is added and finally to the capping machine where the caps are affixed at the rate of 105 a minute.

Under Glare of Light

The super-inspection of the product is effected under the glare of an electric globe and if as a very remote contingency, there could exist the slightest imperfection, an attendant is required to pass on every bottle which slowly passes his eyes.

Water used in the product goes through an efficient sterilizing process which kills all germs and bacteria, after which the water is cooled to 32 degrees, atomized and charged with the gas.

Fruit juices are first defined in the laboratory after which they are prepared in a large steel-jacketed tank and kettle, from whence they pass through silver-lined pipes to the filling machine.

Growing in Popularity

Nothing in the factory is touched by hand except the used bottles as they are placed in the cleansing machine. Sugar is purchased by the carload and labels by the million. Within twenty minutes the entire process of cleaning, sterilizing, filling, capping, inspecting and loading the product may be effected.

The Henry-Brown company has a capacity of 1600 cases in eight hours. Their product is sold throughout southern California and is daily growing in popularity. No person who has visited the plant could do other than sing the praises of Sierra beverages and all who do accept the permanent invitation of Messrs. Henry and Brown to go through the institution will be amply repaid for their interest.

H. N. Fowler Visiting His Chicago Interests

A. T. Cowan, publisher of The Glendale Evening News, is in receipt of a card from H. N. Fowler of Chicago, who recently left his home at La Crescenta on a business trip, taking with him several "quack" ducks. Mr. Fowler states the "speechless" ducks arrived safely and he offered them as evidence of the fact that there is such a tribe, some of his Chicago friends being in doubt. Mr. Fowler has large business interests in Chicago. He spends much of his time at La Crescenta, however, and is the editor of the noted La Crescenta Journal-News-Herald, a newspaper that made one appearance and created something of a stir. Mr. Fowler declares that upon his return the newspaper is due to appear again.

Noted Comedy Drama At Glendale Theatre
H. B. Warner, the screen's fashion plate in "When We Were Twenty-one," is the offering of Manager Wm. A. Howe, of the Glendale Theatre for today and tomorrow. Theatre patrons will remember "When We Were Twenty-one" as Nat Goodwin's famous stage success, in which Maxine Elliott, Arnold Daly and Constance Collier played to capacity houses all over the United States. It is a comedy-drama, replete with humor and pathos.
Harry Warner, known as "the John Drew of filmdom," is ably supported by an all-star cast. In addition to the feature picture, the bill includes the newest Century comedy, "Playmates," the latest Pathe news and a novelty, "Vaudeville Movies."

Another great vaudeville road show is scheduled for Saturday, presenting the pick of Broadway feature acts at popular prices.

SPENCER ROBINSON NAMED AS CITY'S FIRST MAYOR

Dwight W. Stephenson Makes Motion, Which Is Seconded By Councilman Lapham

(Continued from Page 1.)

ministered the oath of office to City Clerk Sherer who, in turn, called for the five members of the City Council.

Enter C. E. Kimlin and S. A. Davis, each attired in a natty Palm Beach suit. They, with Councilmen Robinson, Stephenson and Lapham, stood while the city clerk administered the oath.

Then, with the presiding officer's chair vacant, J. W. Stauffacher, re-elected as treasurer, was called to the front and was given the oath of office by the city clerk.

Makes Graceful Talk

That over, Councilman Stephenson made a graceful talk during which he said:

"The people of Glendale, in no uncertain terms, made it known, I take it, the one of us which they wished to preside over this city as mayor. Of the five successful candidates, Spencer Robinson received the highest vote. He is, therefore, entitled to the office. In the interest of harmony and for the advancement of Glendale, the city we love, I move that Spencer Robinson be chosen by us to be mayor and preside over the sessions of the City Council as provided by the charter."

"I second the motion," said Councilman Lapham.

"Those in favor say aye," called the city clerk.

And Councilman Robinson was unanimously made mayor.

Interested spectators, as soon as Councilman Stephenson indicated the next mayor, broke into applause and applauded him again as he concluded. They again applauded the unanimous vote of the council and, when Mayor Robinson arose to take the presiding officer's chair, the applause was doubled.

Mayor Makes Brief Talk

When the applause ceased, Mayor Robinson said:

"Friends, this is my first speech. If you want to call it that. I desire to take this occasion to thank the city generally for the confidence they have shown in me in returning me to office as their representative. The charter, as you know, provides the council shall name one of its members as mayor. This council has seen fit to bestow that honor on me. I sincerely thank the members of the council."

Mayor Robinson resumed his seat amid applause and Councilman Stephenson moved that the council adjourn for one hour.

Mayor Robinson's first official act, aside from his speech of acceptance, was to put the motion, which carried unanimously, and the five councilmen, accompanied by the city attorney and T. W. Watson, city manager, adjourned to the committee room, where, for nearly two hours, municipal matters were under discussion. Finally, close to 10 o'clock, the five councilmen reappeared in the council chamber, Mayor Robinson took the chair and immediately Councilman Kimlin moved adjournment and the first session of Glendale's first city council was at an end.

Held Informal Reception

Previous to the adjournment to the committee room, an informal reception was held in the council chambers by Mayor Robinson and the other members of the council. Those present formed a line, shook hands with the officials and extended congratulations.

During the evening other citizens visited the council chambers to meet the new councilmen and express the wish that the new administration, starting harmoniously, would continue the advance and prosperity of Glendale.

Mayor Robinson is 52 years old and is in the real estate business. He is well known throughout the city and, being a singer of ability, is prominent in the Glendale Music club. He resides at 1234 East Windsor road. He is good natured, almost always has a smile, and knows the needs of the city thoroughly. With plenty of work ahead under the new charter, Mayor Robinson and his official family are preparing to give the city a business-like administration and, it's predicted, harmony will prevail to the end that the future as it has in the past. And don't forget to say: "Hello, Mister Mayor!" when you meet Spencer Robinson.

Roads Demand Billion Claim Inefficiency

By RALPH F. COUCH

United Press Staff Correspondent

WASHINGTON, July 6.—Upon the question of efficiency or non-efficiency of war time railroad labor depends settlement of \$1,250,000,000 worth of claims filed by the railroads against the government.

Attorneys for the railroads, now appearing before Rail Director Davis, contend that the railroad administration should have spent \$1,250,000,000 more than it did during federal control on maintenance of property and rights of way. The money actually spent by the government was insufficient to keep the roads in good condition because of the inefficiency of workers employed, the railroad lawyers contend.

Attorneys for the railroad commission claim the railroads were more efficient than with peace time labor. Heads of the railroad labor unions concerned are cooperating with the government in trying to prove its case.

Railroad Director Davis believes the claims can be settled for from forty to sixty per cent of the amount demanded. This would make the government liable from \$500,000,000 to \$750,000,000.

Rioting Is Halted By Deputies Under Sheriff

FITZGERALD, Ga., July 6.—Rioting which broke out late last night when alleged strike sympathizers and employees of the Atlanta, Birmingham and Atlantic railroad engaged in a pitched battle near the railroad's shops was quelled early today.

Three companies of infantry from Macon and Cordelle arrived here at 8 o'clock this morning and took over the work of preserving order.

Deputies sworn in by Sheriff E. H. Dorminy halted the rioting shortly before daybreak.

W. T. Reid, strikebreaking engineer, received bullet wounds during the battle and has slight chance to recover, physicians said.

Western Athletes Are Again Victorious

BABY GRANDS

What a mark of refinement is the Artistic Baby Grand in the modern home! Heretofore the floor space needed, coupled with the added cost, has limited the proud owners of Baby Grands to a few of ample means and large homes, but thanks to the ingenuity of the great family of piano builders, "Behr Bros." have perfected the smallest perfect grand piano in the world without sacrificing any of the true grand tone qualities; in fact the "Behr Bros." can be placed in any corner that will accommodate the ordinary upright piano.

Modern manufacturing facilities and our improved method of distribution places this exclusive musical instrument within the reach of the most modest income, in fact no more expensive than the upright piano of moderate price and on terms to suit the convenience of the purchaser.

A liberal allowance for your "old" piano. See this remarkable instrument at our warerooms and learn of its tonal qualities by comparison with the "old time" larger pianos.

FATEST ANIMALS

According to tests made, the antelope is the speediest animal. One registered sixty-two miles an hour for two and a half miles. A coyote ran at the rate of forty-five miles an hour, an elk fifty-two, a mule deer forty-seven, and a prairie dog thirty-eight. An American eagle managed a speed of forty-six miles an hour for ten miles.

SO THERE!

A woman writing in answer to a housemaid's advertisement received this missive: "Madame—you have a good name and address, but you write on a measly half-sheet of paper, which shows me you are no lady, and as such and considering the paper you write on the place would not suit me, being accustomed to things being different."

**Mary Miles Minter
In Quaint Irish Tale**

A perfect piece of acting by the star; an appealing Irish legend entertainingly told; a theme of mother-love that grips the heart-strings—such are the "high spots" of "All Souls' Eve," the new Mary Miles Minter picture which opens at the Palace Grand theatre today.

Miss Minter has seldom been afforded such excellent acting opportunities. She plays two roles, in one of which she wears her own hair and her own girlish manner, in the other, a brown wig and a very grown-up air. But whether it be as the sculptor's wife or the Irish nurse-maid, she plays with her audience's heart-strings from first reel till final fadeout. Very touching indeed is the fanciful story that a little child, mourning for his mother, is comforted when her spirit returns on "All Souls' Eve" and enters the soul of the nurse-maid.

Chester Franklin directed the production which is a Realart offering. The difficult camera work which involved many double and triple exposures was by Faxon Dean, and seldom has a more artistic picture, from a purely technical point of view come to the screen. "Ghost" effects of great beauty make this film unforgettable, and if all ghosts were so lovely as Miss Minter, we shouldn't mind living in a haunted house.

**No Fairy Tales For
Children, Says Woman**

DES MOINES, Ia., July 6.—Good-bye to "London Bridge" and "Hickory, Dickory Dock." Farewell to "Old Mother Hubbard" and "There Was An Old Woman Who Lived In A Shoe."

Miss Katherine D. Blake of New York city, chairman of a committee on "Changes needed in the elementary schools," told American teachers meeting here today that most of the fairy stories and Mother Goose rhymes that have been childhood's favorites since time began are just plainly absurd. Furthermore she said the committee would recommend that such tales be eliminated from school books.

There are other ideas in the report of the curriculum committee which tend to revolutionize the subjects which Johnnies and Marys will study. In history, for instance, the stories of kings and generals are to be minimized and new discoveries, new inventions and new ideas are to be emphasized.

**Send Battleships To
Mexico To Guard Oil**

WASHINGTON, July 6.—Two American gunboats have been sent to Tampico, Mexico, to guard against any possible trouble in the oil fields there, Secretary of the Navy Denby has announced.

The recent announcement by the Standard Oil company that they were withdrawing their tankers from carrying oil out of Tampico aroused fear that some trouble might arise from men being thrown out of work, Denby said.

The ships sent to Tampico were the Sacramento and Cleveland, the first from Cristobal and the Canal Zone and the latter from Galveston.

The Standard Oil company is withdrawing its tankers, according to its announcement, because of the recent imposition by President Obregon of 25 per cent export tax on Mexican oil.

The time to call up is after the telephone girls have given all the wrong numbers to other people.

Grand View Memorial Park Improvement Will Be Of Italian Type

Following the announcement made in The Glendale Evening News yesterday to the effect that the Grand View Memorial Park association is erecting a \$14,000 chapel, the management of the project makes the statement that the edifice will be completed within ninety days. A crew of workmen is busy on the scene every day, they having already put in the foundation.

The building will be 36x50 feet in dimensions and will be composed of a main hall with a seating capacity of 100, a private family room and a long chamber containing eighteen receiving vaults.

One of the main features of the structure is the fact that the entire chapel will have its floor surface on the same level with the gardens outside, thus eliminating any kind of steps.

Italian Type Chosen

The architecture of the edifice will be of the Italian type, the outside to be finished in white stucco. The interior will be decorated throughout with royal blue, with artistically designed curtains at each of the fifteen windows. The hall will be furnished entirely with wicker chairs, as also the family room.

Len C. Davis, who is president of the association, reports that over 4000 feet of two-inch water main is now installed in the cemetery grounds, and that a number of added improvements are under way at present.

**Three Near Drowning
Rescued By Fisherman**

SANTA ANA, Cal., July 6.—Over the Fourth at Laguna Beach three persons were rescued from drowning. Sunday John Encell, 8-year-old son of Harry Encell of Oakland, former assemblyman and now attorney for the state medical board, was caught in a rip tide and was being taken out to sea when C. A. Anderson, of Los Angeles, reached him and brought him ashore. The boy is spending the summer at the beach.

Leaders In Movement Meet And Pass Resolutions To Further Project

In connection with the attempt of a number of residents of Tujunga to have that community incorporated as a city a few of the leaders in the project met last week and passed the following resolutions:

- 1—To fix upon the boundaries.
- 2—To ascertain the number of people within such boundaries.
- 3—To send a petition to the county supervisors, asking that body to institute incorporation proceedings.
- 4—The holding of an election on the question of incorporation and the selection of officials for the first year.

**Voters Open Theatres
Closed Upon Sundays**

MILFORD, Conn., July 6.—Several months ago Milford had Sunday motion picture shows. Contrary to the will of the majority a group of pastors succeeded in having the houses darkened on the Sabbath.

Recently, however, the people held a referendum on the question. The clergy went down to defeat by a vote of 552 to 283. Sunday shows again are a reality here.

The referendum was taken at the stormiest town meeting in Milford's history. Speakers on neither side could be heard. It is declared that several hundred Sunday show advocates were not given time to vote.

**American Forces To
Quit Germany Soon**

WASHINGTON, July 6.—American forces in Germany will be withdrawn within the next few weeks as a result of enactment of the peace resolution, Representative Anthony, Kansas, in charge of army appropriations in the House, said today.

He said appropriations for the army for the coming year are so limited that the war department will be forced to return the troops within a month or violate the Borah amendment to the army bill, which prohibits the incurring of any deficiencies.

Windows Broken, Books Are Destroyed And Various Charts Torn To Bits

Committing one of the most pernicious offenses in local crime history two small boys last Saturday afternoon broke into two rooms of the Pacific avenue school and damaged the property to the extent of several hundred dollars. Apparently the room on the southeast corner of the building was the first to be entered by the youthful marauders. One of the outside windows had been torn from its hinges and the window raised after the pane had been demolished.

Finding that none of the other rooms in the main building were accessible the miscreants finished their job in the primary room, which is a small wooden structure located away from the rest of the school. Here a number of windows were broken, books were totally destroyed and valuable charts were torn to ribbons. Practically all of the equipment in the room was conglomerated in a huge pile in the center of the floor.

Hurled Through Windows

The principal damage was done in the other, or second grade room where a number of the school supplies were being stored. Several cases of A. B. C. blocks were opened and their contents hurled through some thirty windows and transom panes. A large clock and a number of framed pictures were wholly or partially destroyed, pencils and other supplies were scattered on the floor and articles of furniture were scratched and marred. A large amount of sand, which is used by the kindergarten tots, was thrown about the room with a quantity of various other materials, books, etc.

The boys have been identified as members of the third and fourth grades, respectively, of the school, and are now in the hands of local police and school authorities.

TOO MUCH WELFARE

People for countless generations have survived and thriven without aid of legislation for their welfare. The world is being weltered too much. Much of the object is to create jobs for welfareers.

**Railroad Men To Vote
On Wage Reductions**

CHICAGO, July 6.—The "Big Four" railroad brotherhoods were preparing ballots today for a vote of their memberships on the 12 per cent wage reduction ordered by the United States railroad labor board and which took effect July 1.

This follows action of the brotherhood chiefs after five days of conference in concluding they "cannot assume the responsibility of accepting any wage reductions."

The switchmen's union joined the brotherhoods, which include engi-

neers, firemen, conductors and trainmen, in calling for the plebiscite.

It is expected that other unions meeting here will take similar action. Immediate action of the railroad department of the American Federation of Labor, which has already voted overwhelmingly against the cut, is not yet outlined.

While the vote is in progress union chiefs hope to get together with rail executives to bargain better terms.

The resolution adopted by the brotherhoods demanded that the working agreements between workers and management be kept intact.

The Liberty bell was cast in 1722.
